Wait for Facts on Powers

To the N. Y. Herald Tribune:

It is unfortunate that a newspaper with the standing and influence of the Herald Tribune would publish the article comparing Lt. Col. John Glenn and Francis Gary Powers.

My dispute is not with the laudatory portions devoted to Col. Glenn. He is indeed a hero of whom the entire nation is proud.

However, the substance of the article was a spurious comparison between Glenn and Powers. It is difficult to understand how such a comparison can be made, particularly when, as Mr. Warren Rogers jr. wrote, the full facts are not known in the Powers case.
